Email us For fans of Rick Riordan's many young adult mythology-based novels, the future of their favorite characters in popular media is bright. Back in May 2020, the news of a Disney+ series adapting the events of his first Percy Jackson & The Olympians novel swept the internet — only to be followed a few months later by the announcement of feature film adaptations of The Kane Chronicles. Fans of the books will know that Riordan's stories — from Heroes of Olympus to Magnus Chase — share a common timeline that stretches back to The Lightning Thief. Though certainly not the first to tackle inter-connective stories, the Marvel Cinematic Universe has popularized the language of a shared universe and has allowed many to openly engage with other properties as interactive pieces of storytelling. Fan theorization for cross-property interactions have become commonplace online, and Riordan's novels are no exception. Upon the new live-action adaptation announcements, many fans were quick to express excitement at the possibility of a Jackson-Kane crossover. Pointing to the pre-established Riordan lore, there is precedent for their speculation. While the Percy Jackson books don't include any overt intertextual references (the series finished before the first Kane novel was published), the same cannot be said for the Kane Chronicles. The two stories, for starters, share the New York metropolitan area as a significant location. Percy Jackson takes place in Long Island and Manhattan and The Kane Chronicles features locations in Brooklyn. In the first Kane book, The Red Pyramid, the Kane twins' uncle Amos says that it is bad luck to live across on west side of the East River, describing that "Manhattan has other problems. Other gods." It is a throwaway line, but after following the events of Percy Jackson, alert readers will pick up on the less than subtle reference. The worlds become closer intertwined in The Serpent's Shadow when Sadie meets Lacy and Drew, two Camp Half Blood members featured in the Heroes of Olympus stories. With vague allusions to the camp and the Greek gods, the references are still unimportant to the larger text and offer but entertaining moments for fans of both respective franchises. At the end of The Serpents Shadow and the Chronicles trilogy, Sadie comments on "reports of unexplainable magic as close as Long Island," which fans of Percy Jackson will instantly recognize as an allusion to Camp Half-Blood. It offers a teasing conclusion to the novel but remains inessential to the narrative. The history of the interaction between these two franchises does not stop there, however. In the paperback version of The Serpent's Shadow, the novel is followed by the inclusion of a short story, The Son of Sobek. The story, narrated in the voice of Carter Kane, finds the character face-to-face with Percy Jackson himself. After a short skirmish, the two are forced to team up to save a small neighborhood from a crocodile monster. Its sequel The Staff of Serapis was published in the paperback of The Mark of Athena, the second book in the Heroes of Olympus series. This short story follows the team-up of Sadie Kane and Annabeth Chase, a lead character of the Percy Jackson series and Percy's girlfriend. In the third and final installation in this crossover series, The Crown of Ptolemy, all four protagonists, Percy, Annabeth, Sadie, and Carter, team up to take down a threat on Governor's Island. The series ends on a conclusive note where they decide to keep their respective knowledge of each other's magical worlds a secret but to remain in contact. So could this happen? As a fan of both franchises, it is hard to deny that such stories taking place on-screen would be a delight, but it remains highly unlikely. Disney's acquisition of the rights to adaptations of Riordan's Percy Jackson novels came after the Disney-Fox merger, and the live-action project was announced for Disney+ months later. On the other hand, the rights for Riordan's Kane Chronicles were bought directly by Netflix for feature film adaptations. Unless the two streaming giants can come to an unprecedented agreement, the future for a crossover between the Kane twins and the Greek Half-Bloods of Percy Jackson doesn't seem very optimistic. Rick Riordan and his wife Becky clarified the confusion on their social media pages, explaining why the two projects would be released to different streamers. The only downside to this for the readers is that it will mean absolutely no crossovers for Percy and Kanes ever. Rick's crossover stories are what are called frozen rights. They needed to be frozen (not available) so there was no confusion about who owned what rights.— Becky Riordan (@camphalfblood) December 22, 2020 A reminder: PJO is going to be on Disney+ because those film/TV rights passed to Disney when they acquired Fox; the rights for the Kane Chronicles were not part of the Fox deal, and that's why they were available for Netflix to acquire.— Rick Riordan (@rickriordan) January 5, 2021While this news may come as a disappointment to fans, it does not mean that there is no potential for other crossovers in Disney's adaptations of Riordan's work. The Kane Chronicles had always been a relatively standalone story compared to the more interconnected sequel (or heavily sequel-like) series Heroes of Olympus, Magnus Chase and the Gods of Asgard, and The Trials of Apollo. Assuming the live-action series on Disney+ is well-received, there remains a vast pool of content for fans to anticipate. Riordan's most recent update on the show: "Everyone who has read the pilot script loves it". Here are 5 Things You Can Expect From Percy Jackson on Disney+ Follow writer Chris St. Lawrence on Twitter: @ey2studios In this audio e-book short story narrated by Rick ... 2013 spinoff the Percy Jackson and Kane Chronicles series This article has multiple issues. He is unexpectedly swallowed by an enormous crocodile in the marshes at the edge of Moriches Bay on Long Island's south shore while exploring, but is saved by a strange older teenager who forces the monster to regurgitate him. The teenager turns out to be Percy Jackson. After a brief disagreement that leave both confused about the other's origins, Percy and Carter decide to team up to deal with the monster, which has left them and is terrorizing a nearby suburban neighborhood. Carter hypothesizes that the beast is a petsuchos, a son of the god Sobek and thus immortal and invincible unless the enchanted necklace that it wears, which is invested with the power of Sobek, is removed. The two work together to remove the necklace from the animal, and save the neighborhood and its residents. After the necklace is removed, the monster shrinks into a baby crocodile and the heroes head to a diner to talk. Percy and Carter are guarded about what they share, but devise a way to contact each other again if needed. They go their separate ways, and Carter takes both the crocodile and necklace back to the 21st Nome for safekeeping. [2][4] Characters Percy Jackson- Greek demigod who is the son of Poseidon. Carter Kane - A magician and sometime host of the falcon god Horus and descendant of both Narmer and Ramses the Great. He is a member of the House of Life. Sister to Sadie Kane. Sequels A sequel, "The Staff of Serapis", was released on May 20, 2014 starring Annabeth Chase and Sadie Kane. A third crossover, "The Crown of Ptolemy" was released starring Annabeth, Carter, Sadie and Percy. References ^ "Amazon - The Son of Sobek". Retrieved August 15, 2015. ^ a b Riordan, Rick (2016).
